

# **China University of Geosciences**

## **2023 Admission of International Students for PhD Degrees**

China University of Geosciences (CUG), a key national university affiliated to the Ministry of Education (MOE) and authorized by the state to establish Graduate School, is one of the first group of universities listed in the national “211 Project” and the national “Double World-Class Project”. Located along the shore of East Lake and seated at the foot of Mount Nan Wang, CUG features in a world-class specialization in geosciences, incorporating a wide range of research fields into diverse categories such as Science, Engineering, Literature, Management, Economics, Law, Education and Art etc. CUG’s two national primary key disciplines, Geology and Geological Resources and Geological Engineering, are listed in the “Double First-Class Disciplines”. CUG’s 8 fields, namely, Geosciences, Engineering, Environmental Science / Ecology, Material Science, Chemistry, Computer Science, Social Science and Agricultural Science have been listed in the top 1% global institutions in ESI (Essential Science Indicators), with Geosciences and Engineering among the top 1%. According to the latest rankings published by U.S. News & World Report, CUG is ranked as: **NO. 1** Best Universities for Geosciences in China, **NO. 5** Best Global Universities for Geosciences, **NO. 27** Best National Universities in China and **NO. 282** Best Global Universities.

The university has a well-qualified faculty with 3369 teaching staffs and faculties, including 1956 teaching staff, 13 academicians of the Chinese Academy of Sciences and 1 academician of the Chinese Academy of Engineering, 631 doctoral supervisors, 452 professors and 814 associate professors. Among them there are 16 winners of the National Science Fund for Distinguished Young Scholars, 19 winners of the Excellent Young Scientist Foundation, 29 recipients of the supports from Program for New Century Excellent Talents in University sponsored by the Ministry of Education. CUG also boast a variety of renowned teaching and research teams, including 3 teams supported by the Foundation for Innovative Research Groups of NSFC, 3 Innovation Teams supported by the Ministry of Education, 6 National-level Teaching Teams, 1 winner of the National Teaching Master Award and 9 winners of the Hubei Teaching Master Award.

CUG is composed of two campuses, the Nanwangshan Campus situated near the East Lake

Scenic Spot and the Future City Campus situated in the Future Technology city in Wuhan. CUG also boasts four field training centers: Zhoukoudian in Beijing, Beidaihe in Hebei Province, Zigui in Hubei Province, and Badong in Hubei Province. At present, CUG has 86 science research institutions, laboratories and research institutes, including 2 national key laboratories, 1 Chinese National Engineering Research Center, 1 State Ministry of Science and Technology Cooperation geological engineering facility and 1 Innovation Talent Training Demonstration facility. CUG has established 15 centers for postdoctoral studies, 16 first-class doctoral discipline areas, 34 first-class master discipline areas and 69 undergraduate programs. At present, its registered full-time students total 31040, including 18214 undergraduates, 10758 master students, 2068 doctoral students and 787 international students.

CUG owns distinctive characteristics and prominent advantages in the research fields such as geology, mining resources and energy, geological engineering, geophysics, hydrogeology and environmental geology, GIS, surveying and mapping, materials science and chemistry and economics and management, to name but a few, contributing to a series of key achievements. Since 2010, a number of honors and awards have been won under the name of CUG, including 2 special awards of the National Science and Technology Progress Award (co-partner), 1 second prize of the National Natural Science Award, 3 second prizes of the National Science and Technology Progress, 38 provincial- and ministerial-level science and technology awards, 1 award of the “Ten Scientific and Technological Advances in China”, 2 awards of the “Ten Major Geological Science and Technology Progress of China” and 2 awards of the “Ten Major Progress of Geological Mineral Exploration of China”. Moreover, CUG is home to 5 scientists who were recognized on the Clarivate’s list of “Highly Cited Scientists”, 9 researchers recognized on the Elsevier’s list of “Most Cited Researchers”, 61 researchers recognized as the authors of the ESI’s list of “Highly Cited Papers”. CUG is also in charge of the publishing of several high-level academic journals, including the Chinese version of the Journal of Earth Science which is indexed by the internationally reputed science and technology literature retrieval system, EI Compendex, the English version of the Journal of Earth Science which is indexed by SCIE, and the Journal of China University of Geosciences (Scocial Science Edition) which is indexed by CSSCI. (as of December 2021)

Outstanding students from all over the world are cordially welcomed to apply for Ph.D. degrees at CUG.

## **I. Program Introduction**

The program is oriented towards serving the needs for the development of international society, undertaking the core mission of improving the quality of scientific research and academic activities. With establishing moral integrity in cultivation and pursuing academic excellence as the fundamental tasks, CUG endeavors to train outstanding innovative international talents who possess complete mastery of extensive and solid theoretic foundation as well as systematic and in-depth professional expertise, formidable competence for working on individual scientific research and innovative practices, and full potential for making creative accomplishments in the fields of science and engineering.

From September 2019, the doctoral international students enrolled in this program have made successive achievements in scientific research and innovation, publishing a total of 144 high-level SCI papers on renowned academic journals home and abroad, including 27 T1 papers and 117 T2 papers.

Please visit the link to see more about the high-level academic papers published by CUG international students:

[https://eniec.cug.edu.cn/High\\_level\\_Academic\\_Papers/Academic\\_Papers\\_Published\\_by\\_CUG\\_international\\_S.htm](https://eniec.cug.edu.cn/High_level_Academic_Papers/Academic_Papers_Published_by_CUG_international_S.htm)

Please visit the link to see more about CUG Academic Journal and Paper Classification Guide:

[https://eniec.cug.edu.cn/High\\_level\\_Academic\\_Papers/CUG\\_Academic\\_Journal\\_and\\_Paper\\_Classification\\_Gu.htm](https://eniec.cug.edu.cn/High_level_Academic_Papers/CUG_Academic_Journal_and_Paper_Classification_Gu.htm)

Applicants who are under 40 years old, non-Chinese citizen with a valid passport and have a master's degree can apply for PhD degrees at China University of Geosciences.

**Notes:** Applicants who once held Chinese nationality and then were naturalized as a foreign national or whose parents are both Chinese nationals and have both settled abroad, or one of whose parents is a Chinese national and has settled abroad, and who has acquired foreign nationality at birth shall hold valid foreign passport or certificate of nationality for no less than 4 years and have the record of having lived in a foreign country for more than 2 years in the recent 4 years (as of April 30th of the entry academic year).

## **II.The Form and System of Learning**

International Ph.D. students are supposed to have a 4-year full-time academic program.

Students who apply for Chinese-taught programs should pass the HSK 4 test with a score no less than 220 before commencing the major study.

### **III. Tuition and Scholarships**

#### **i. Chinese Government Scholarship**

China University of Geosciences is designated by the Ministry of Education to grant qualified candidate students Chinese Government Scholarships. Over the years, CUG has carried out many Chinese Government Scholarship programs such as High Level Postgraduate Scholarship Program, Silk Road Scholarship Programs and Bilateral Scholarship Programs.

**1. High Level Postgraduate Scholarship Program:** This program offers full scholarship (including tuition, living allowance of 3,500RMB/month for Phd students, on-campus accommodation and comprehensive medical insurance). International student applicants must complete a Chinese Government Scholarship application which is assessed by CSC for approval upon admission. CSC also conducts an annual assessment of Chinese Government Scholarship students' academic records and research performance to evaluate the continued eligibility.

**2. Bilateral Scholarship Program:** The Bilateral Scholarship Program includes all levels of available educational programs. It is usually recommended by the Chinese Embassies or Educational Departments in international students' home countries. The scholarship includes full scholarships and partial scholarships. To help excellent international students obtain scholarships recommended from Chinese embassies or from their Department of Education, CUG International Admission and Program Development Office provides **Pre-Admission Letter** to qualified applicants. Please contact the International Admission and Program Development Office in advance. Applicants should consult with their local Chinese embassies or foreign student dispatch department for information about application procedures and application time for the Bilateral Scholarship Program.

**3. CUG President Scholarship:** CUG provides the Scholarship to reward those international students with outstanding achievements in study and research. This program provide scholarship only for the first year of study. The scholarship offers several types of support, including tuition-waiver, half-tuition for free, 20% tuition for free and 10% tuition for free.

#### **ii. Tuition Standards**

Ph.D. students: 35,000 RMB/year (Approximately 5000 USD/year)

All charges are subject to the latest updates from the Administration for Commodity Prices. CUG will release information about any changes of tuition forth with.

#### **IV. Application Requirements**

##### **i. The following conditions must be met for applying a PhD degree under the Chinese Government Scholarship program:**

1. Applicants must be non-Chinese citizens with valid foreign passports.
2. Applicants must abide by the laws and regulations in China, having good character and respecting Chinese social customs and habits.
3. Applicant has already obtained a master's degree or is a fresh graduate (the master degree must be obtained before admission).
4. Applicant is physically and mentally healthy without serious diseases, infectious diseases or serious physical defects. Applicant must pass the required national admission physical examination.
5. **Applicants without HSK4 will not have the qualification to apply for Chinese-taught programs of Chinese Government Scholarship.** Applicants with HSK4 but could not reach the level of language proficiency required for studying majors, that is, HSK4 with a score of 220 or above must study Chinese for one year and pass the required score of HSK4 before commencing the major study. Non-native English-speaking applicants who apply for programs taught in English are required to provide TOEFL IBT (80 or above) or IELTS (6.0 or above) scores. Applicants who are unable to provide proof of standardized English language testing are required to provide proof of English language instruction for their previous degree studies. Applicants whose mother language is English are exempt from providing proof of English language proficiency as described above.

**Note: Applicants who have published more than one academic paper in the relevant academic journals of the discipline, major or similar subject area are preferred.**

##### **ii. Application for self-funded Ph.D. students is implemented as follows:**

1. Applicants must meet requirements 1 to 4 of i.
2. Language requirements for self-funded postgraduates can be relaxed appropriately.

#### **V. Online Application and Material Delivery**

##### **i. Online Application**

1. Applicants for the Chinese Government Scholarship-High Level Postgraduate Scholarship Program need to register and complete the application forms on the CSC website (<http://www.campuschina.org>) within the prescribed time (October 8, 2022 to January 31, 2023). After the deadline, the online registration information cannot be modified or re-filled. One applicant shall retain one valid registration only. No further information can be submitted after January 31, 2023.

2. Applicants for university scholarships and self-funded studies should make an online registration and complete the application forms through CUG's admission registration website (<http://admission.cug.edu.cn/member/login.do>) within the prescribed period of time (from January 1 to June 1, 2023). After the deadline, the online registration information cannot be modified or re-filled. One applicant shall retain one valid registration only.

**Note: Hard copies are not accepted by CUG.**

## **ii. Checklist for Application**

1. *Application Form for Chinese Government Scholarship* (only for government-funded students), *Enrollment Application Form for International Students of CUG* (only for university scholarship or self-funded students). Please fill out the form in English or Chinese;
2. Notarized highest diploma (notarized in Chinese or English. Prospective diploma recipients should submit official document issued by your current school to prove not only your current student status, but also the expected degree certificate and graduation date. Original certificate must be presented when you come to register);
3. Academic transcripts (from the undergraduate program onwards). Copies of academic records from first to last semester during the undergraduate, graduate (if any), and doctoral programs (if any) shall be provided. These transcripts shall be issued and sealed by the attending university's academic affairs office, graduate school, or student management department. They can be in Chinese or English, but must be attached with notarized English translations if they are in foreign languages other than English;
4. A study plan proposal. A study plan written in Chinese or English shall contain more than 1,000 characters or words. Please be noted that the proposal should be mainly focus on the description of academic Background, research field and the future study/research plan; a brief introduction of the reason you choose to study in China and CUG, the understanding of China and CUG could also be included in the proposal;**the proposal of a doctoral student shall be signed by the applicant's Chinese supervisor from CUG;**
5. Recommendation letters. Two letters of recommendation (written only in Chinese or English) from professors or associate professors shall be submitted. These letters shall describe the applicant's objectives of learning in China, comprehensive abilities, and evaluation of future growth, as well as the cooperation between the supervisors or the exchange between universities both in China and abroad;
6. A photocopy of the Foreigner Physical Examination Form completed in English (the original copy shall be kept by the applicant). The form is designed by the Chinese quarantine authority and can be obtained from the dispatching authority. The physical examinations must

cover all the items listed in the Foreigner Physical Examination Form. Incomplete records or those without the signature of the attending physician, the official stamp of the hospital, or a sealed photograph of the applicants are invalid. Please select the appropriate time to take a physical examination as the result is valid for only 6 months;

7. Copy of Passport Home Page. If the validity of the applicant's current passport does not meet the requirement (**meaning the passport expires before September 2023**), please apply for a new passport before submitting the application;
8. Fresh graduates currently in China should submit the photocopy of the residence permit page and a proof of school performance from the current school;
9. Language qualification certificates. Applicants for Chinese-taught programs must submit valid HSK reports in accordance with the corresponding Chinese proficiency requirements. Applicants for English-taught programs shall provide relevant language proficiency certificates like IELTS or TOFEL report. Applicants who are unable to provide proof of standardized English language testing are required to provide proof of English language instruction for their previous degree studies. Applicants whose mother language is English are exempt from providing proof of English language proficiency as described above;
10. Non-criminal record report. The applicant shall submit a valid certificate of Non-Criminal Record issued by the local public security authority, usually issued within 6 months prior to the submission date of the application.
11. Copies of the passport and work or income certificate of the guarantor listed in *The International Student Economic Guarantee* (only for university scholarship or self-funded applicants)
12. Other materials (*CUG Supervisor's Recommendation Form for Excellent International Students*, certificates of awards, published papers and monographs).

## **ii. Qualification Examination**

During the application period, the Admission Office and the corresponding supervisor groups will check the academic information and reports of the applicants. The applicant's professional knowledge, language proficiency, academic ability, scientific research and supervisors' opinions will all be important indicators in our assessment. We warmly welcome student applicants who are recommended by experts or are from inter-university exchange programs.

Applicants should pay close attention to the contact e-mail to avoid any delay in communication during the application period. Any conduct of falsification, fraud, providing incomplete materials (including non-notarized documents), or delayed materials will result in immediate disqualification of the application eligibility .

## **VI. Admission and Notification**

1. CUG adheres to the principle of enrolling the best candidates. Due to the limited enrollment quota, applicants who meet admission requirements but fail to obtain the Chinese Government Scholarship can be preferentially admitted if the applicants agree to be admitted as self-funded doctoral students.
2. Applicants with master's pre-graduation certificates or studying certificates must submit their master's degree certificates to the Admission and Program Development Office of CUG on or before the registration day, otherwise the admission qualification will be canceled.
3. International students who have received an acceptance letter from supervisors of CUG, a recommendation from an overseas partner university or domestic strategic cooperation unit can be preferentially awarded the scholarship with priority over other applicants.
4. Results of the applicants applying for Chinese government scholarships: CUG will confirm the list of applicants and submit it to the Chinese National Scholarship Council before the end of March. The admission list submitted by the university will be confirmed by the CSC; the Admission Notice and the Visa Application Form for Foreign Students in China (JW201 form) will be sent to the applicants before the end of June. Please make sure that the correct mailing address is reserved to receive the Admission Notice and the Visa Application Form.
5. Admission results for university scholarships and self-funded students: the admission list will be released before July 1st. The Admission Notice and the Visa Application Form for Foreign Students in China (JW202 form) will be sent to the applicants before July 30. Please make sure that the correct mailing address is reserved to receive the Admission Notice and the Visa Application Form.
6. International students' graduate enrollment information, the list of candidates for admission and admission information are all announced on the International Education College website (<http://eniec.cug.edu.cn>). The CUG IEC official Wechat will also release the results; please keep following the updates of the IEC website and also the IEC official Wechat.

## **VII. Consultation and Service**

The International Students Admission Office of CUG will reply to all questions in a timely manner.
